Our Story

Reflections Cleaning & Maintenance began over 20 years ago with one determined single mom, Lori, a mop, and a mission to provide for her family through honest, hard work.

From a one-woman operation to a team of 50+ across seven states, we've grown — but never lost our small-business roots. Lori still works in the field, leading by example and pouring care into both her clients and her team.

Reflections is more than a cleaning company — it's a story of grit, loyalty, and people who take pride in doing things the right way.

Our Team & Standards

Reflections Cleaning & Maintenance is built on reliability, respect, and pride in every job.

Trained & Verified Staff: All cleaners are background-checked, fully trained, and wear company uniforms with ID badges.

Certified Professionals: Our team holds IJCSA certifications in Green Cleaning, Commercial & Medical Cleaning, Customer Service, Chemical Safety, and Infectious Disease Control.

Quality Assurance: Regular supervisor check-ins and regional manager oversight ensure consistent, high-quality results.

People Who Care: We hire and support team members who genuinely care about the spaces they clean and the clients they serve.
